

# CHICOPEE® FOODSERVICE CHIX® TOWELS WITH MICROBAN® PROTECTION

## Reduce Odors from Bacteria

Chix® Towels with Microban® antimicrobial protection are specifically engineered to combat the growth of odor and stain causing bacteria, yeasts, molds and fungi that commonly get trapped in foodservice towels.

Microban protection helps keep these microbes at bay, which means your foodservice towels stay cleaner longer. Microban protection reduces stains, unpleasant odors, and production deterioration often associated with the growth of microbes on the foodservice towel.

With protection built into every towel, product durability goes up and usage costs go down.

Microban protection does not protect user from food-borne illness and is not a replacement for normal cleaning practices.

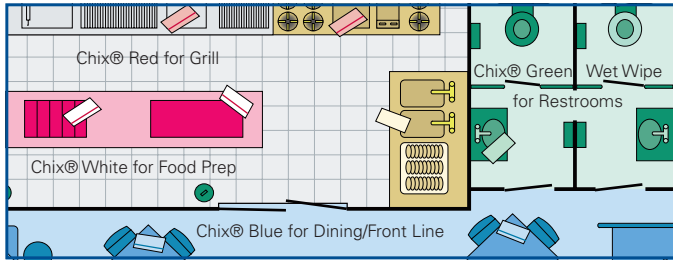

## Engineered performance in every foodservice towel.

- + Durable
- + Highly Absorbent
- + Reusable (Machine Washable)
- + Bigger Apertures to Capture and Release More Food Debris
- + Fabric Designed for Optimum Scrubbing and Clean Rinsing

# CHICOPEE® CHIX® TOWELS WITH MICROBAN® PROTECTION

The Chix® Utility color coding system helps you prevent cross-contamination.

## Built-in Features:
