

333 MANUAL WATER-ACTIVATED TAPE DISPENSER

Better Pack®

The Better Pack 333 is a manual water-activated tape dispenser that is rugged, reliable and simple to use. This dispenser is perfect for light-to-medium-volume packaging areas and accommodates both reinforced or non-reinforced water-activated tape. It is available as a non-electrical unit and also with an optional top heater accessory (electricity required), when increased tape adhesion is needed.

QUALITY, PRODUCTIVITY & PERFORMANCE

- * Superior mechanics and guillotine blade deliver clean, even cutting of reinforced and non-reinforced tape
- * Steel side frame construction ensures durability and long life
- * Two water brushes provide consistent, uniform wetting of adhesive
- * Large water bottle means fewer refills and less downtime
- * Quickly choose one of 15 preset tape lengths on clearly marked dial

ENVIRONMENTALLY RESPONSIBLE

- * Water-activated tape is recyclable and repulpable
- * Only one strip of water-activated tape is needed for a secure, strong seal
- * Portable dispenser requires no electricity
- * One Better Pack 333 can potentially replace 64 handled plastic tape guns

OPTIONS

Code taper accessory

- * Allows for custom printing directly onto the water-activated tape as it is dispensed
- * Print one-color logos, dates and printed codes on demand
- * Requires custom rolls pads and ink
