

## 500 ELECTRIC WATER-ACTIVATED TAPE DISPENSER

**Better Pack®**

The Better Pack 500 excels in medium-to-high volume packaging environments, especially when sealing random-sized cartons. The 500 is engineered for 115V. Fourteen color-coded tactile preset buttons provide exceptional operational flexibility with a single touch. Since the dispensers are engineered to endure, these electronic workhorses stand up to rough handling and demanding work settings.

### FAST AND EFFICIENT

- \* Tape output at 45" per second
- \* 14 color-coded keys offer one-touch dispensing of tape lengths from 6" to 45"
- \* Press and hold the Random key for custom tape lengths up to 120"
- \* Adjustable top heater warms the water, optimizing tape bonding

### RUGGED, RELIABLE AND SAFE

- \* Meets or exceeds CSA standards for operator and electrical safety
- \* Steel frame construction covered in durable ABS plastic
- \* Safety interlock switch disables cutting mechanism when cover is open, prevents worker injury
- \* Backed by the best industry warranty – 2 years parts and material; 6 months labor

### SPECIFICATIONS

**Dimensions:** 18" (L) x 12" (W) x 10,5" (H)

**Maximum roll size:** Up to 600' roll of tape / Up to 7.5" diameter

**Tape width:** 1" to 3"

**Vitesse de distribution :** 45"/seconde

**Water bottle capacity:** 44 ounces

**Electrical requirements:** 115V, 60 Hz, 4 A

**Safety compliance:** CSA certified

**Warranty:** 2 years parts and materials; 6 months labor
