**A SUMMER
FILLED WITH
DISCOUNTS!**

**Exceptionnal prices
on all products in
this catalog !**

Offers valid until September 30, 2023.

These products can be transformed so as to be reintroduced into a production cycle for the manufacture of new products..

These products are made from pre or post-consumer recycled materials.

These products can be composted industrially— at centralized composting sites or where the sites exist.

These products are freezer-safe.

These products can be reused several times without their condition deteriorating.

These products are oven-safe.

A biodegradable product is likely to be completely decomposed by living organisms.

These products are microwave safes.

ECOLOGO certified products are certified for reduced environmental impact.

As of March 28, 2023, the sale or offer of these products will be prohibited. Some establishments are excluded from this regulation. See details on pages 4 and 5.

Product **codes in blue** mean that these products are not part of our regular inventory and, therefore, cannot be exchanged or refunded. Orders are delivered on average in 15 working days, but can take longer depending on the products.

A season full of changes!

2023 brings a significant development: the implementation of several regulations prohibiting the sale and distribution of single-use plastic items. The City of Montreal's regulation becomes effective on March 28, just before the start of the dairy bar season. In the rest of Quebec, some municipal regulations are already in place or will be in place soon. Then, at the end of December, the sale of some items will be prohibited across Canada. In fact, we are already forbidden to import or manufacture them since December 2022.

For this reason, there are no products, in this catalog, that are restricted by federal regulations. A few items banned by the City of Montreal are present since we have not yet found alternatives from our many suppliers (but we will find them!).

To learn more about items that are prohibited or restricted, see our Guide on page 4 and 5.

Guide to single-use plastic items allowed and prohibited

Federal and Montreal regulations

Montreal and the Government of Canada have adopted regulations prohibiting the sale and offer of some single-use plastic products.

Beside is a summary of the targeted articles, sold at Carrousel.

Effective dates

Montreal : March 28, 2023

Ban already in place for plastic bags

Federal: December 20, 2023

The manufacture and import of the banned items will be prohibited as of **Decembre 20, 2022**.

 Allowed

 Allowed or prohibited according to some criteria or applications, see reverse.

 Prohibited

		Federal	Montreal
	Checkout bags, including those made of degradable plastic		
	Bags for carrying food in the store (e.g. fruits and vegetables)		
	Reusable plastic shopping bags		
	Stir sticks		
	Cutlery for on-site consumption		
	Cutlery on request for delivery/takeout		
	Straws		
	Foam foodservice ware (expanded or extruded)		
	Black food containers for food or beverage that is ready to be consumed		
	Black food containers for food to be reheated or not ready to eat		
	Foodservice ware and cups made of non-black, non-expanded or extruded plastic		
	Food containers and tableware made of non-black plastic		
	Foodservice ware made of compostable plastic (including PLA)		
	Cups and lids made of any non-black plastic		
	plastic lids		

Notes

Federal Regulation

Reusable plastic shopping bags

Bags meeting the following criteria are accepted :

- don't break if they are used to carry 10 kg over a distance of 53 m 100 times;
- don't break if they are washed in accordance with the washing procedures specified for a single domestic wash (standard ISO 6130).

Cutlery and straws

Plastic utensils and straws meeting the following criteria are accepted as they are considered reusable :

- not made of polystyrene or polyethylene;
- can tolerate 100 wash cycles in a household dishwashe.

Flexible straws

Some exceptions will be in effect for flexible straws. See the federal regulation on this subject.

Foam foodservice ware (♻️ expanded or extruded)

They are allowed only if they are trays and are used to package food that is not ready to be eaten (e.g. vegetables, meat, fish)

Black food containers

Only black containers meeting the following criteria are accepted :

- contain foods that need to be prepared (baking in the oven, heating in a microwave or toaster) before they can be eaten or meat and fish that are not ready to eat or vegetables;
- are not made of foam (♻️ expansé ou extrudé) or PVC.

Compostable plastic foodservice ware

It is important to differentiate between compostable plastic, such as PLA, and «oxo-degradable plastic», which is prohibited. Also note that all black packaging is prohibited, even if it is compostable plastic.

Cups and lids

Foam cups (♻️ expanded or extruded) as well as black lids and black cups are prohibited.

Montreal Regulation

Businesses affected and not affected

The regulation concerns establishments located in the boroughs of Montreal that offer food service or that package food items for retail sale. Excluded are :

- establishments that do not receive consumers in-house and offer only delivery service;
- non-profit organizations whose mission include food distribution.

Cutlery for delivery/takeout

Utensils made of ♻️ plastic are not permitted under any circumstances.

Foam foodservice ware (♻️ expanded or extruded)

Only trays for packing meat or fish are allowed.

Black foodservice ware

Foodservice ware made of ♻️ plastic (expanded, extruded or not) are prohibited, regardless of their color.

This document was last updated on January 13, 2023.
